MARYVILLE, MISSOURI, WEDNESDAY, JULY 19, 1911

NO. 39.

START WORK SOON

BRIDGE OVER MULBERRY STREET BY WABASH.

OPPOSED TO NINTH ST.

Opening, as Railroad Company Says, Will Cost Too Much, and is Not Needed Now.

Mayor Robey received word Wednesday from T. J. Jones, superintendent of the western division of the Wabash, that the railroad expects to start work within the next week or so on the bridge over Mulberry street, and that the railroad company is opposed to opening up Ninth street to the Normal grounds, which proposed street would cross the railroad tracks.

The letter of Mr. Jones to Mayor Robey follows:

"Replying to your letter of July 14 regarding assistance to open up Ninth street and building bridge over Mulberry street.

"Careful investigation in the Ninth street matter shows that it will cost us \$500 to do grading necessary to open up this street and \$432 to put in sidewalks across our property, making a total expense of \$932, and in view of the fact that Seventh street is open it seems to me if the latter street is put in good serviceable condition that it will answer all Normal purposes, especially for the present. We have already agreed to open up Storm avenue, and I believe after careful consideration you will agree with me that it will not be necessary, at least at the present time, to open up Ninth street. The street, as you are aware, if opened will cross both of our tracks, and as I see the matter is really an undesirable public thoroughfare and should not be opened until the demand for it is greater than at present.

"We expect to get to work on the bridge over Mulberry street within the next week or ten days, and this work will be rushed right through."

News of Society and Womens' Clubs

Entertained for Her Niece.

Mrs. Emery E. Airy, assisted by Miss Mary Lewis and Miss Lucile Airy, gave a party Tuesday afternoon in honor of her little niece, Virginia Airy of Okmulgee, Okla. The guests were Virginia Airy, Virginia Belle Dean, Virginia Lee Curfman, Mabel Geist, Helen Geist, Annette Stiwalt, Audrey Stiwalt, Genevieve Todd, Mary Todd, Esther Roseberry, Mildred Wray, Margaret Louise Hosmer, Emma Adolphine Lippman, Ethel Martha Condon, Mamie Elizabeth Grems, Ruth Louise Jensen.

Ball Game for Mothers' Circle.

The North End Boys and the South End Boys will play a game of baseball in Riffe's ball park Friday afternoon, July 21, for the benefit of the Mothers' Circle. The proceeds will be used for the purpose of equipping the playgrounds of our public schools. Admission 25 cents. Edward W. Keck has consented to act as umpire.

Picked in Normal Park.

Mr. and Mrs. Byron Croy chaperoned a party to Normal park Tuesday evening where luncheon was enjoyed. The company included Mr. and Mrs. Croy, Miss Edna O'Neal and her cousins, Miss Anna Flemming and Mr. Edward Flemming of Columbia, Mo., who are her guests; Miss Birde Shelton, Miss Chloe Smith, Miss Dessa Cox, Miss Bessie Cox, Miss Belle Lane of Kingman, Kan., who is visiting her grandmother, Mrs. J. W. Shroyer; Messrs. Joseph Brown and Will Jones.

Dinner and Slumber Party.

Miss Mildred Robinson, daughter of Mr. and Mrs. F. P. Robinson, gave a 6 o'clock dinner Tuesday evening, her guests remaining until after breakfast Wednesday morning. After dinner Tuesday the evening was spent in singing. In the morning tennis was the pastime. The guests were Miss Ruth Reulillard, Miss Ruby Curnutt, Miss Hazel Everhart, Miss Eleanor Smith, Miss Marjory Wilfley, Miss Genevieve Wilfley, Miss Virginia Robinson.

Honor Guest at Clearmont.

Mrs. James Mitchell of Colorado Springs, Col., who, with her daughter, Miss Lela Mitchell, visited in Maryville two weeks ago with Mrs. J.

F. Montgomery and Mrs. M. M. Rittenour, two weeks ago, was an honor guest at Clearmont one day last week, when Mrs. George Clary entertained at a dinner for her and Mrs. T. C. Dodds of Denver, Col., who is also visiting in the community. Mrs. Clary was assisted by her daughter, Miss Edith. Their guests included forty-five women, all of whom are now or had been members of the Burlington Junction and Rural W. C. T. U's. The unions are twenty-five years old, and Mr. Dodds was its first president. Mrs. B. C. Halley of this city was one of the guests at the Clary home.

Fishing Party on 102 River.

Miss Catherine Bently gave a fishing party for her cousin, Miss Pauline Glenhugh of Kansas City, Sunday, on the 102 river. Those in the party were Misses Pauline Glenhugh, Bertha Allen, Marie Grober, Elsa Griffith and her guest, Irene Gross of Parnell; Mabel Bertell Fay Cartier, Mrs. Carl Airy and Catherine Bently, Messrs. Floyd Grober, Ray Spargur, Cecil O'Connor, Alvin Egbert, Wesley Bartlett, Samuel Gearson, Fred Montgomery, Miran Clark and Carl Airy. They took their dinner with them and ham-mocks and swings and everything that goes to make up a fishing party, and all had a good time.

Miss Saylor Entertained.

Miss Phyllis Saylor entertained a number of the Sigma Delta Chi sorority girls at a slumber party Tuesday night. There were no ghost walks or anything, as is usual with this particular kind of girls, because several of the guests had to be in good trim for their studies at the State Normal Wednesday morning, and they behaved with the most proper decorum. A picnic luncheon was served by the hostess after a pleasant evening with music. The guests were Miss Mary Orcutt, Miss Alice Orcutt, Miss Nelle Hudson, Miss Mary Ogden, Miss Inez Bainum, Miss Stella Mason.

Lenched on Lee's Hill.

A picnic party had a delightful time Tuesday evening on Lee's Hill, northeast of town, where they went in automobiles and partook of supper. Those in the party were Mr. and Mrs. G. B. Roseberry and daughter, Esther; Mrs. Thana Hope and daughters, Miss Fannie Hope and Miss Myra Hope, and her little granddaughter, Charlotte Wheelchel of Independence, Kan., who is visiting her; Mr. and Mrs. Arch Frank and daughter, Eva Margaret; Mr. and Mrs. W. A. Miller and daughter, Harriet, and Miss Pauline Parr of Hamilton, Mo., who is a guest at the home of her aunt, Mrs. James Todd.

Entertained Monday Evening.

Mr. Will Donahue and sister, Miss Nona, entertained a number of friends Monday evening at their home, four miles of south of Maryville. Those present were Misses Mildred Palmer, Helen Masters, Mamie Donahue, Ella O'Grady, Gertrude Archer, Carrie Myers, Rose Myers, Lucy Bliley, Jennie Sturm, Anna Dougan, Margaret Donahue, Marie Seeley, Katherine Zeck, Lucy Sturm, Chloe Busby, Esther Busby, Lizzie Straugh, Anna and Estella Donahue, Lizzie Wilmaus, Messrs. Alfred Sturm, Ubert Zeck, Ray Masters, Henry Straugh, Will O'Grady, Hermann Seipel, Henry Seipel, Noble Reaksecker, Theodore Palmer, Will Seeley, Charley McDonald, Nick Myers, Leo Bliley, Earle Sturm, Richard Bickett, Charley Busby, Fred Auffert, Lee Auffert, John Wilmaus, Mark Henggiel, Mr. and Mrs. Sidney Masters, Mr. and Mrs. Will Sturm, Mr. and Mrs. Michael Baker.

Montgomery Dinner Guests.

Mr. and Mrs. J. F. Montgomery entertained a company at 12 o'clock dinner Wednesday, including Mrs. Montgomery's sister, Mrs. James Mitchell, and daughter, Miss Lela Mitchell, of Colorado Springs, Col., and Mr. and Mrs. J. L. Denny of Los Angeles, Cal. Mrs. Mitchell and her daughter, who have been visiting relatives and friends in Maryville and Burlington Junction the past three weeks, left Wednesday evening for Farmington, Mo., to visit another daughter of Mrs. Mitchell, Mrs. Hattie Woodard.

Six o'Clock Dinner Guests.

Miss Eva Spickerman and Mr. Orel R. Geyer were 6 o'clock dinner guests at the home of Mr. and Mrs. Theodore Miller Tuesday evening with Miss Verda Miller as hostess.

Mr. and Mrs. Bert Staples of Burlington Junction drove to Maryville in their car Wednesday morning to spend the day with Mr. and Mrs. Tom Workman.

TEACHERS CHOSEN

SCHOOL BOARD MET LAST NIGHT TO FILL VACANCIES.

MISS VARNER PRINCIPAL

Of High School to Succeed Prof. Stagner—Miss Nell Conrad and Miss Hazel Ritchie Also Selected.

The school board met last evening in the office of President W. A. Blagg of the board and selected three teachers to fill vacancies caused by resignations.

Miss Calla Varner was selected as principal of the high school to succeed Prof. B. A. Stagner, who resigned to accept a position as a science teacher in Berkeley, Cal. Miss Varner has been teacher of history in the high school for the last few years.

Miss Mayme Dooley was advanced to the A eighth grade, to take the place of Miss Eva Montgomery, who resigned to accept a position in the St. Joseph schools.

Miss Nell Conrad and Miss Hazel Ritchie were chosen, Miss Conrad probably to take Miss Dooley's place and Miss Ritchie to take Miss Seebew Rowley's place. Miss Rowley resigned, having accepted a position with the Webster Grove schools, near St. Louis.

NO MEETING OF THE COUNCIL LAST NIGHT

No meeting of the city council was held last evening, as several of the members did not receive notice of it.

The next regular meeting of the council is Friday night, and at this time the council will submit to the people the proposition to vote \$100,000 worth of bonds to install a new water plant here. The ordinance is being drawn up now by City Attorney W. A. Blagg and will be ready by Friday night.

The council has not as yet done anything in regard to relief of the water situation at the present time. It seems that what the people want at this time is at least temporary relief.

Mr. E. L. Street, it is understood, is in New York City at the present time, and it is thought that he might come to Maryville soon to make the city a proposition more reasonable.

Manager Roseberry of the water company has employed several men to fix up the dam at the river and dig ditches. The water supply is gaining a little, and there is over a half inch more water in the reservoir than there was yesterday.

Rains were had last night up north, and at Pickering about a half an inch of rain was reported. In Maryville it just sprinkled a little.

WHAT JORDAN SAYS ABOUT THE CORN

Sam Jordan, corn expert in the employ of the state, writes as follows of the condition of corn:

Some errors have appeared in the press from time to time relative to the corn situation. Some of them have been merely typographical and should not do mischief, but some have been relative to fact and these have, or may, do some harm.

The statement has appeared that "when corn tassels during a hot wind the corn is ruined." It is possible that the entire statement about this feature has taken too much space and the editor cut it short.

The facts are, as far as we know them, that when the tassel appears during a hot wind the pollen is likely to be killed or at least injured, and if all the tassels appeared at the same time or there were hot winds during the entire time of tasseling then the crop might be ruined, but the corn in a field will tassel through a period of from a week to ten days and none of the hot winds have lasted that long.

A stalk whose tassel has been killed may still produce a good ear, as it will be pollinated from other tassels. Corn breeders often remove the tassels from half or more of the stalks in the patch yet produce a fancy crop of well filled ears. There are myriads of pollen grains in each tassel, and during this time much pollen is blowing in the air, and a field may have many of its tassels killed yet produce a good crop, while the killed tassel would be useless.

Where corn was tasseling during those three consecutive days of hot

winds a well filled crop of ears can scarcely be looked for yet the crop may be by no means ruined.

These tassels that are dead are lighter in color and appear more chaffy than those not so affected.

Now as to moisture conservation. The mower wheel will not put moisture into the ground.

No method will conserve moisture where there is none to conserve.

In such a season as this, soil that is poor, or one that has been corned year after year and the humus content has been exhausted, or one that was not so handled as to catch and hold what little rain we did have last spring cannot have much moisture to conserve, and the results that we would like to see cannot be expected.

In 1901 there was much more rain than last spring, yet on the first of July that year the condition of corn showed 69 points, and at the same date this year the condition was 83.6 or an increase of 14.6 points in favor of this season, notwithstanding much more rain in 1901. It would seem that three things are responsible for the difference, and these are better seed, better preparation of the seed-bed, and better methods of cultivation.

Corn, up to the time of tasseling, will need but little moisture, but after that it will need much. It will thus be seen that if the corn was kept in good condition up to that time there is yet work to do. At least the normal rainfall is needed and the rain that does fall taken care of with shallow working tools.

At the end of the season it may be found that there is a "joker" in the estimate yield. No one is able to tell at the present time what the dry weather shock may have been to the corn. It is possible that it will have a tendency to cause barrenness, but as yet this cannot be determined.

HARRIS ONE OF WINNERS IN THE PONY CONTEST

The pony contest that has been conducted by the Tribune for the last few months came to a close Tuesday evening at 8 o'clock and the winners were announced. The Tribune gave away three ponies and carts, with harness, to the boy or girl bringing in the most subscribers to that paper, the county being divided in three districts.

For district No. 1, or Maryville, Joe Harris, the little son of Mr. and Mrs. Berny Harris, won first, with a vote of 349,915. Goff Crawford was second with 189,825.

For district No. 2, Mary Bailey, the daughter of H. C. Bailey of Quitman, secured first prize with a vote of 275,350. Dale Jones of Burlington Junction was second with 258,826.

For district No. 3, Vern Campbell, the daughter of Mr. and Mrs. Lowell Campbell of Barnard was first with 369,465, and Russell Woodard of Arcoe second, with 340,620.

Vern Campbell having secured the largest number of votes, had the pick of the ponies and chose "Prince." Joe Harris took "Diamond," and Mary Bailey took the third one.

The total number of votes cast was 3,542,395. The judges in the casting up of the votes were W. F. Phares, Harry Alderman and Arch Frank.

DR. GOODSON WILL GO ON TRIP WEST

Dr. J. N. Goodson of Kansas City, at one time a well known physician of this city, expects to leave the coming Sunday for a trip to the west for the benefit of his health. He will be accompanied by Mrs. Goodson and his daughter and her husband, Mr. and Mrs. A. L. Gale of Omaha. Dr. Goodson recently suffered an attack of sickness that came on him suddenly, that was similar to apoplexy, and his physical condition since has seemed quite alarming.

WILL ATTEND THE CHICAGO UNIVERSITY

Miss Fannie Hope, in charge of the manual training department of the Northwest Normal, will go to Chicago at the close of the present summer term and take special work in Chicago university for several weeks.

Miss Elta Wood of Bolckow spent Tuesday in Maryville with friends.

WOULD LIKE TO HAVE SATISFACTORY ANSWERS

Editor Democrat-Forum: Before voting for municipal ownership of our city water plant I would like to have satisfactory answers to the following questions:

First—If municipal ownership is to be preferred to private ownership, why is it that such a large per cent of the places that have municipal ownership are dissatisfied and want to return to the policy of private ownership?

Second—If we adopt municipal ownership, how much less will my actual expense be for each year than it now is or will be if we grant the present water company a franchise according to the rates that they ask? What will my rate plus my taxes for interest on bonds and taxes for maintenance fund and taxes for sinking fund, etc., amount to? Will it save me enough to run the risk of possible failure in bettering present conditions?

REBEKAH CONVENTION MEETS AUGUST 4

The Democrat-Forum job rooms are turning out some very handsome programs for the district meeting of the Daughters of Rebekah, which meets in Wilcox, Friday, August 4. Seven lodges are embraced in this district, Maryville, Burlington Junction, Mound City, Quitman, Graham, Skidmore and Wilcox.

Here from Hastings. John Johnson of Hastings, Neb., is in the city for a few weeks' visit with his parents, Judge and Mrs. Lela Johnson.

The Weather

Unsettled and somewhat cooler today; Thursday probably fair.

Eye Warnings

Come in aches, pains and burning sensations. Most everybody feels these symptoms sooner or later—but few people heed them soon enough. If you have cause to rub your eyes when reading at night, or when sewing, it is ample time to get the help of glasses. The right glasses will give immediate relief. We are able to fit you perfectly in the quickest possible time.

POLITICAL NOTES.

(By Democratic Publicity Bureau.)

Uncle Sam paid Republican lawyers nearly a million dollars in fees to assist in prosecuting the trusts during the past two years. The average fees paid to a good Republican politician who happened to be a lawyer runs from \$10,000 to nearly \$100,000. Uncle Sam has been a fat goose and the Republican lawyers have picked him to a fare-you-well. And not a single trust busted yet!

The Republican papers in Missouri are working overtime this hot weather fixing up the state and national ticket for the Democratic party. Especially are they worrying over the nominee for president and governor, fretting and frothing at the political bit for fear the Democrats won't commit political suicide. They are seeing torment and trouble in great gobs for the Democrats, and are leaving no stone unturned to foment discord and strife in the ranks of their political opponents. They must think that the Missouri Democrats are thirty-third degree simpletons to be fooled by such political dope as these Republican papers are printing about prominent Democrats mentioned for president, governor and other state officers.

The new labor Red Book is out and Governor Hadley doesn't like it. When he looked it over it is said that he sent for the labor commissioner and scolded for an hour. The sins of the Red Book were sins of omission. The governor couldn't find any eulogy of himself. Nowhere was it set down that he had discovered the Ozark mountains and Current river. Now a labor book without the labors of Hadley exploited is necessarily a failure. It is even alleged that there is not a single chapter in the Red Book set aside to Hadley's log cabin brush farm. Absolutely nothing is said about cutting Hadley's 8-acre wheat patch, or putting out of his four acres of corn on his rocky ridge. And other notable stunts of the governor, exploited by the correspondents who play about his feet, were omitted from the book. O but it's a failure—take it away, away with it!

May Not Commission Him.

(News-Press.)

William Bliss of Maryville, Mo., wishes to become a detective, and in a letter received by United States Marshal R. T. Smith of St. Joseph this morning, he asks for information as to how he may acquire authority to be a sleuth. He says that he has taken a course and received a diploma from a Kansas City detective school and inquires whether the certificate is sufficient authority upon which to make arrests. If not, he desires that an officer's badge be forwarded him.

"I'm afraid the government can't maintain a detective at Maryville," said Smith.

Visited Her Mother.

Mrs. M. A. Turner visited in Burlington Junction Sunday with her mother, Mrs. W. H. Miller, who lost her home by fire Saturday forenoon. Mrs. Miller is a nurse at the Burlington Junction municipal springs sanitarium. She came to the Junction from the sanitarium as soon as possible, but did not reach the place her home had been before it was a pile of ashes. The residence of W. W. Burk, situated about twenty-five feet from the Miller house, caught fire several times and it took hard work to save it. The body of Mr. Burk's wife, who had passed away the night before, was lying in the house ready for burial and had to be removed to another place. Mrs. Burk was Miss Hester Sunderland, daughter of Rev. W. D. Sunderland, who was the Methodist pastor at the Junction and other places in this section for many years.

Has Guest from Michigan.

Miss Florence Wallin of Bay City, Mich., arrived in Maryville Wednesday noon and will be the guest of Miss Maud McMillan a few days. Miss Wallin is returning home from a trip to Denver, Col.

Roy Collins returned Monday evening from a two weeks' vacation trip at Windsor and Savannah, Mo.

L. C. Ridgour and C. G. Humphrey of Gravit, Ia., are in Maryville today on business.

Mrs. J. M. Henderson of Barnard was in Maryville Wednesday, going to Pickering to visit the family of her brother, Robert L. Rice.

Mrs. N. M. Craig of this city and son, Leo Hannon of St. Joseph, have returned from a visit at Burlington Junction with Mr. and Mrs. A. W. Hansen and at Graham with Mr. and Mrs. Clarence Leeper. Mr. Hannon returned to St. Joseph Monday morning, after a seventeen days' vacation visit with his mother.

Mr. Leo Bliley and his sister, Miss Lucy Bliley, returned to their home in Clyde Wednesday, after a visit at the Meyers home, south of Maryville, as the guests of Misses Clara and Rose Meyers.

To Play Sunday.

The base ball team of Company F will play the Elkhorn team of Skidmore next Sunday afternoon at the ball park.

Miss Sada Grady and Miss Retta Goodale of Lenox, Ia., spent Wednesday in Maryville.

Mrs. S. E. Mecker of Bedison is visiting Mrs. Henry Cook and her sister, Mrs. James Sheridan.

Saloons Need Not Close.

Jefferson City, July 18.—In reply to an inquiry as to whether the election to be held on Tuesday, August 1, comes under the head of a general election and whether the saloons must be closed on that day, Attorney General Major today ruled that it is not a general election and that saloons cannot be closed up on that day.

The attorney general says that the capital bond election does not fall under the head of a county, city, town or municipal election and cannot be classed as a general state election, these being the days that the saloons must close under the law, therefore the saloons may conduct business as usual without reference to the election. The term general election, he says, refers to the election required to be held on the Tuesday succeeding the first Monday of November biennially.

Entertained Old Friends.

Mrs. Emma Cloud entertained Mrs. Harriet Colvin of Omaha at 12 o'clock dinner Tuesday in honor of her aged mother, Mrs. Elizabeth Wallace, who is spending the summer with her. Mrs. Colvin is visiting her son, Mr. Luke P. Colvin, and his wife at their home, 406 South Market street. Mrs. Colvin and Mrs. Wallace, who are now past their seventy-sixth birthday anniversaries, have been close friends since young womanhood, and with their husbands were pioneer settlers of Nodaway county, in the Clearmont community. Their visit together Tuesday was as enjoyable to those who listened to their conversation as it was to themselves.

Will Be Miss Pierce's Guest.

Miss Geraldine Coffee of Steelville, Mo., will arrive in the city Thursday morning to visit Miss Dorothy Pierce, daughter of Mr. and Mrs. W. C. Pierce. Miss Coffee was Miss Pierce's guest last summer for a month, and she made many friends among the young society folks.

Came to See Doctor.

T. B. Houston and little son, John Linton, and Mr. Houston's mother-in-law, Mrs. J. B. McBeth of Hopkins, were in Maryville Wednesday to see a doctor about the little boy's throat, which is troubling him.

Mr. and Mrs. J. E. Newcomb and sons, Donald and Marion, and Mrs. Newcomb's mother, Mrs. Amelia Smith of Stanberry, were in Maryville Wednesday morning on their way to Savannah to visit friends and relatives.

Dinner Guests from Des Moines.

Mr. and Mrs. Carl Murray entertained at dinner Wednesday Rev. E. R. McCorkle and his son, Master Elmer McCorkle, of Des Moines, Ia. Rev. McCorkle was the officiating minister at Mr. and Mrs. Murray's wedding. The visitors went to Creston on the noon train.

Mrs. J. H. DeHaven of Conway, Ia., was in the city Wednesday, returning home from a several weeks' stay at the Burlington Junction mineral springs.

Mrs. M. E. Kinneman and children, Ethel and Charles, who have been visiting Mrs. Kinneman's parents, County Treasurer and Mrs. S. H. Williams, returned to their home in Atchison, Kan., Wednesday morning.

Mrs. C. E. Anderson and little daughter, Grethyl, of Blanchard, Ia., were in Maryville Wednesday, going to Bedford to visit her sister, Mrs. Marion Moore, who is very ill.

HULK OF MAINE CLEAR OF WATER

Wreck Now Surrounded by Islets
of Mud and Smail Pools.

EXPLOSION APPEARS EXTERIOR

Wreckage Shown to Belong to Structure at Vessel's Double Bottom—Engineers Admit Identification of Ribs, Plates and Other Portions.

Havana, July 19.—The process of removing the water surrounding the wreck of the Maine was practically completed when the water level in the cofferdam had been lowered eighteen feet, leaving the wreck surrounded by islets of mud, small pools and sink holes of green, slimy water. The soundings show nowhere a depth in excess of four feet.

The water remaining can be removed in a few hours, but it is now apparent that the engineers are confronted by an infinitely more serious problem, the removal of the mud in which the remains of the battleship are embedded from a minimum of thirty-seven feet to a depth that can only be conjectured.

Although the water is now only two feet lower than in previous pumping operations, the revelations with regard to the shattered hull have been vastly enlarged, owing to the lateral outspreading of the distorted frames and plating, especially in the forward section, where the explosion was greatest.

The structure of the bow as far aft as frame 18 is now exposed, permitting an analysis of the position of the plates, bottom, ribs, etc., and it has been shown conclusively that they originally belonged to the structure of the double bottom, which is now elevated to a height of about forty feet above the normal position, apparently giving confirmatory evidence of a tremendous exterior explosion.

To this view, however, the engineers decline to commit themselves, merely admitting the identification of parts of the bottom of the ship.

In the confused mass of wreckage of the bow is to be seen a curved piece of steel, believed to be what Ensign Powellson identified before the Sampson court of inquiry as part of the flat keel of the Maine.

WHAT EVANS SAYS ABOUT THE ENUMERATION

State Superintendent of Schools Wm. P. Evans has prepared a list of the larger towns and cities of the state showing the population, according to the census of 1910, and the enumeration of 1910 and 1911.

Mr. Evans says: "It will be observed that on the average the enumeration in 1910 was 30.5 per cent of the population, and in 1911, 29.1 per cent."

"The decrease is due to the fact that attention had been called to gross irregularities in enumerations. You will readily see that some places still have too large an enumeration. These towns have been asked to explain or to correct, and they will no doubt do so."

"This is called to the attention of the public, because after this year the state superintendent will have no authority over enumerations, as the state fund will be apportioned on another basis. The county and township funds will continue to be apportioned on the basis of enumeration, however, and it will be well for local officials and high-minded citizens generally to see that correct enumerations are made, thereby insuring equitable distribution of local funds to the districts of the county."

For Maryville, the 1910 population is 4,762, the enumeration 1,239, or 26 per cent of the population. For 1911 the enumeration was 1,223, or 25.6 per cent of the population of Maryville.

GUARDED BY LODGE PINS.

While men who are members of secret societies do not always wear the emblems of these orders, it is no uncommon thing at the union depot to see young women and children who are Masons, Elks or Odd Fellows. Not that they are really affiliated with these orders, but that the various emblematic pins have been put on them to assure safety in traveling. A few days ago a young girl, upon whose breast was pinned a square and compass, lost her railroad ticket. She was journeying alone from California to a distant eastern point. A man who recognized the fact that some member of her family was a Mason, learned of her misfortune. There was not much ceremony, but in less than five minutes a new ticket had been bought

and paid for and the girl placed safely aboard the train on which she was to continue her journey. Yesterday a small boy, who also was a Mason, had no difficulty in finding friends at the depot. He wore a pin which was his father's, and although the latter was many miles away, there was parental care ever present.—Kansas City Journal.

Mrs. A. J. Bridges and Mr. T. L. Wadley went to Burlington Junction Tuesday evening to visit several days with friends. Mrs. Bridges will visit the families of T. A. and R. T. Coken and Mrs. Wadley will visit her sister, Mrs. Herrington, and uncle, W. G. Saylor.

REPRIMAND FOR WILEY IS LIKELY

President Will Probably Reject Recommendation for Dismissal.

WICKERSHAM NOT SLIGHTED.

Executive Says Recommendation Was Made on Strictly Legal Basis—Will Review Evidence Before Reaching Decision in Case.

Washington, July 19.—Dr. Harvey W. Wiley, chief of the bureau of chemistry, probably will not be requested by President Taft to resign, but will be reprimanded, according to the consensus of opinion of visitors who talked with Mr. Taft. The recommendation of Attorney General Wickersham that Dr. Wiley be permitted to resign was barely touched upon at the cabinet meeting, but the above impression was strengthened in the minds of callers at the White House. Intimations that Attorney General Wickersham, in his recommendation, exceeded his authority were set at rest by the president. In conversation with callers the president said he had requested the attorney general to pass upon the legal question involved in the Wiley case and that the attorney general, proceeding on this theory, answered him in strictly legal fashion.

The president's explanation of how Mr. Wickersham became involved in the case led some of his hearers to the conclusion that the attorney general will have no reason to feel injured if his recommendation is not followed by Mr. Taft when he reviews the case.

Before he reaches a decision the president expects to read the evidence in the affair, Dr. Wiley's answer and all the other papers that have been written bearing upon it.

CENTER OF POPULATION

Now Located South of Unionville, Ind. Movement West Increases.

Washington, July 19.—The center of the population of the United States, as enumerated in the census of 1910, is four and one-half miles south of Unionville, Monroe county, Indiana. In the last decade it moved westward thirty-one miles from a point six miles southeast of Columbus, Ind.

The announcement was made by the census bureau on the basis of the official computation of the center of the population made by Charles S. Sloane, the geographer of the bureau.

The figures of the geographer show not only that the march of population is still westward, but that there has been acceleration of that movement over the record of the decade between 1890 and 1900. The center of population during the decade moved westward only fourteen miles. The cause of the acceleration of the westward trend in the last decade is the remarkable increase of population in the Pacific and southwestern states.

PLANS MILITIA IN SCHOOLS

Oliver Asks Governors of All States to Follow Example Set by California.

Washington, July 19.—Assistant Secretary of War Oliver is endeavoring to enlist the aid of the governors of the states in developing the military training of the pupils of the high schools.

He dispatched a letter to the governors inviting their attention to the enactment by the California legislature of a law providing for the organization of companies and battalions of high school boys, who are to be armed with rifles and trained by competent instructors detailed from the regular army.

In his letter General Oliver makes a strong plea for such state legislation.

REVOLUTION ON IN HAITI

Government Troops Are Defeated at Trou and Other Points.

Port au Prince, Haiti, July 19.—The revolution progresses. The government troops were routed at Trou and have returned in disorder at Cape Haitien. The situation is calm here, but if the government fails it is feared that there will be disorders on the part of the populace, as all the disciplined troops are in the north.

The foreign residents are apprehensive, but the expected arrival of American warships will have a reassuring effect. General Prudent, government delegate at Gonaves, will support the revolution.

Another Gunboat to Haitian Waters.

Washington, July 19.—At the request of American Minister Furness at Port au Prince, the United States will send another gunboat to Haitian waters to protect Americans and their interests, now seriously threatened by the revolution against President Simon. The second warship will go to Port au Prince, the capital. The gunboat Petrel is already at Port Liberté on the north coast.

LOST HER HAIR.

Woman Almost Baldheaded Grew Four Inches of Hair.

Here is a piece of live news from Brownstown, Minn., that ought to interest skeptical men or women readers of The Democrat-Forum who are losing their hair or have dandruff or itching scalp.

Remember that the Koch Pharmacy sells Parisian Sage under a positive guarantee to stop falling hair and itching scalp and eradicate dandruff in two weeks.

Parisian Sage is a most refreshing and daintily perfumed hair dressing, free from grease or stickiness. It makes dull, lifeless hair radiant and lustrous.

"Parisian Sage is the best hair grower and beautifier and dandruff

cure. I lost all my hair through typhoid fever; I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every lady who wants beautiful hair to use Parisian Sage." Miss Meta M. Kruger, Brownstown, Minn., June 8, 1910.

Parisian Sage is only 50 cents a large bottle at the Koch Pharmacy and druggists everywhere. The girl with the Auburn hair is on every package.

FOREIGN CROP CONDITIONS GOOD

Reports to Department of Agriculture Generally Favorable.

FINE PROSPECTS FOR CANADA

Rain and Increased Acreage Make for Big Wheat Yield—In Europe, France Alone Will Have Less Satisfactory Outturn.

Washington, July 19.—Special reports of foreign crops received by the department of agriculture indicate that generally favorable conditions existed in June.

Conditions in Canada are, over most of the territory, pronounced flattering. Of the 10,500,000 acres under wheat this season, more than 9,500,000 are in the spring wheat provinces of Saskatchewan, Manitoba and Alberta, the increase in area amounting to 1,200,000 acres. The spring wheat lands have been saturated by opportune rains, and, with some exceptions, favored by forcing temperatures.

In Europe winter wheat and rye on the whole have fully maintained their former promise. The wheat crop of the United Kingdom, in an increased area, is regarded likely to furnish an average yield. France, with diminished areas under both wheat and rye, promises a medium outturn of the former and a less satisfactory one of the latter.

Spain is reported to have exceptional crops, a recent official estimate putting wheat at 157,000,000 bushels, a new high record. The small wheat crop of Germany is probably not quite up to the usual standard, and rye is expected to show a considerable shortage. The Hungarian wheat crop is officially estimated at 163,000,000 bushels, and rye at 50,000,000 bushels. In Roumania and the Balkan states the prospects are much better than in average years. In Russia there is much conflict of expression, the weight of opinion seems to favor a moderate estimate. In Italy better yields than last year are anticipated, but heavy rains may later show their effects on quality.

In Argentina the newly sown wheat, oats and flaxseed are said, under the influence of plentiful moisture, to have germinated well. Areas are believed heavily increased. Popular opinion puts the surface under wheat 5 to 10 per cent over the 15,500,000 acres sown last year. The 1910 wheat crop of Chile is reported insufficient for home needs and imports are being made from Australia.

Doomed Man Dies in Cell.

Beaver, Pa., July 19.—Charles Hickman, who was to have been hanged for the murder of his wife, Millie, Feb. 9, 1910, collapsed in his cell in the county jail during the night and died. Hickman escaped from jail twice after his conviction and attempted to take his life by inhaling gas. He repeatedly told the guards he would never live to be hanged.

Cross Atlantic in 25-Foot Yawl.

Gibraltar, July 19.—The American auxiliary yawl, Scabird, which arrived from the Azores, sailed for Italy. Captain Thomas F. Day of New York and his companions, T. R. Goodwin and F. B. Thurber of Providence, R. I., report a pleasant trip across the Atlantic. In their twenty-five-foot craft they left Providence on June 10.

Gates Is Still Improving.

Paris, July 19.—The attack of nephritis, which made John W. Gates seriously ill, continues to moderate. The secondary difficulty, that of irregularity and weakness of the heart, gives the physicians concern and necessitates the use of stimulants. These stimulants, however, act well.

LORIMER INQUIRY
MORE BEFOGGED
Testimony Adds Other Contradictions to Situation.

Washington, July 19.—More contradictions in testimony before the senate Lorimer committee befogged the Lorimer investigation far worse than at any time since the new inquiry began. All four persons flatly contradicted testimony previously given.

Charles McGowan, a young Canadian contractor, declared that C. F. Wiehe, secretary of the Edward Hines Lumber company, did not remark on the "Winnipeg flyer" on the way from Duluth to Virginia, Minn., in March, 1911, that there was a jackpot raised to elect Lorimer, and that he subscribed \$10,000 to it. William H. Burgess testified that Wiehe did make this remark in the presence of himself and a "young Canadian."

B. A. Johnson of Chicago testified positively that Wiehe made no such statement.

Isaac Baker, a buyer for the Edward Hines Lumber company, unqualifiedly denied that Edward Hines, president of this company, said over long distance telephone to Springfield, from W. H. Cook's room in a Chicago hotel on May 26, 1909, that he would come to Springfield with all the money necessary for Lorimer's election.

Cook testified that Hines did so state. Baker's testimony regarding the conversation agreed almost verbatim with that given by Hines.

Donald M. Frame, cigar employee in the Union League club, testified that Hines once remarked to H. H. Hettler that he (Hines) had elected Lorimer, thus corroborating Hettler's testimony and contradicting Hines.

HEYBURN RENEWS ATTACK

Confederate Monument Measure Goes Through Despite His Protest.

Washington, July 19.—The bitterness between Senator Heyburn (Ida.) and Senator Williams (Miss.), on the subject of the Confederacy, broke out anew in the senate. Senator Heyburn objected to taking up of a bill appropriating \$100,000 for a Confederate naval monument in the Vicksburg national park, but Senator Williams won its consideration by a vote of 29 to 19.

The Vicksburg park commission and the senate committee on military affairs having approved the measure, Williams said it was desired to have the monument complete for the semi-centennial "Blue and Gray" reunion at Vicksburg in 1913. Senators Cummins and Works urged its passage as proper recognition of men who had exhibited great bravery in a cause they believed right.

Senator Heyburn again attacked the principle of federal recognition of Confederate acts. Senator Williams abruptly left the chamber when Senator Heyburn began to speak.

Heyburn declared it was "intolerable" that the deeds of Confederate armies should be recited on monuments that call on the public treasury for contributions. He characterized the history of the war between the states as a "history of murder." He attacked the newspapers of the country, declaring many of them disloyal and "delighted to express their disloyalty."

He had been characterized as "waving the bloody flag in the senate," he said, and had been so misrepresented that he was receiving scores of anonymous letters from "cowards," threatening him with physical violence because of his opposition to the use of government funds to recognize Confederate service.

SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped.

There is one place where baldheaded men shine, and that is in the front row seats of the theatre. If these baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

MARYVILLE, MISSOURI, WEDNESDAY, JULY 19, 1911

NO. 39.

START WORK SOON

ON BRIDGE OVER MULBERRY STREET BY WABASH.

OPPOSED TO NINTH ST.

Opening, as Railroad Company Says It Will Cost Too Much, and is Not Needed Now.

Mayor Robey received word Wednesday from T. J. Jones, superintendent of the western division of the Wabash, that the railroad expects to start work within the next week or so on the bridge over Mulberry street, and that the railroad company is opposed to opening up Ninth street to the Normal grounds, which proposed street would cross the railroad tracks.

The letter of Mr. Jones to Mayor Robey follows:

"Replying to your letter of July 14 regarding assistance to open up Ninth street and building bridge over Mulberry street.

"Careful investigation in the Ninth street matter shows that it will cost us \$500 to do grading necessary to open up this street and \$432 to put in sidewalks across our property, making a total expense of \$932, and in view of the fact that Seventh street is open it seems to me if the latter street is put in good serviceable condition that it will answer all Normal purposes, especially for the present. We have already agreed to open up Storm avenue, and I believe after careful consideration you will agree with me that it will not be necessary, at least at the present time, to open up Ninth street. The street, as you are aware, if opened will cross both of our wye tracks, and as I see the matter is really an undesirable public thoroughfare and should not be opened until the demand for it is greater than at present.

"We expect to get to work on the bridge over Mulberry street within the next week or ten days, and this work will be rushed right through."

News of Society and Womens' Clubs

Entertained for Her Niece.

Mrs. Emery E. Airy, assisted by Miss Mary Lewis and Miss Lucile Airy, gave a party Tuesday afternoon in honor of her little niece, Virginia Airy of Okmulgee, Okla. The guests were Virginia Airy, Virginia Belle Dean, Virginia Lee Curfman, Mabel Geist, Helen Geist, Annette Stilwalt, Audrey Stilwalt, Genevieve Todd, Mary Todd, Esther Roseberry, Mildred Wray, Margaret Louise Hosmer, Emma Adolphine Lippman, Ethel Martha Condon, Mamie Elizabeth Grems, Ruth Louise Jensen.

Ball Game for Mothers' Circle.

The North End Boys and the South End Boys will play a game of base ball in Riffe's ball park Friday afternoon, July 21, for the benefit of the Mothers' Circle. The proceeds will be used for the purpose of equipping the playgrounds of our public schools. Admission 25 cents. Edward W. Keck has consented to act as umpire.

Picnicked in Normal Park.

Mr. and Mrs. Byron Croy chaperoned a party to Normal park Tuesday evening where luncheon was enjoyed. The company included Mr. and Mrs. Croy, Miss Edna O'Neal and her cousins, Miss Anna Flemming and Mr. Edward Flemming of Columbia, Mo., who are her guests; Miss Birde Shelton, Miss Chloe Smith, Miss Dessa Cox, Miss Bessie Cox, Miss Belle Lane of Kingman, Kan., who is visiting her grandmother, Mrs. J. W. Shroyer; Messrs. Joseph Brown and Will Jones.

Dinner and Slumber Party.

Miss Mildred Robinson, daughter of Mr. and Mrs. F. P. Robinson, gave a 6 o'clock dinner Tuesday evening, her guests remaining until after breakfast Wednesday morning. After dinner, the evening was spent in singing. In the morning tennis was the pastime. The guests were Miss Ruth Reuillard, Miss Ruby Curnutt, Miss Hazel Everhart, Miss Eleanor Smith, Miss Marjory Wilfley, Miss Genevieve Wilfley, Miss Virginia Robinson.

Honor Guest at Clearmont.

Mrs. James Mitchell of Colorado Springs, Col., who, with her daughter, Miss Lela Mitchell, visited in Maryville two weeks ago with Mrs. J.

F. Montgomery and Mrs. M. M. Rittenour, two weeks ago, was an honor guest at Clearmont one day last week, when Mrs. George Clary entertained at a dinner for her and Mrs. T. C. Dodds of Denver, Col., who is also visiting in the community. Mrs. Clary was assisted by her daughter, Miss Edith. Their guests included forty-five women, all of whom are now or had been members of the Burlington Junction and Rural W. C. T. U's. The unions are twenty-five years old, and Mr. Dodds was its first president. Mrs. B. C. Halley of this city was one of the guests at the Clary home.

Fishing Party on 102 River.

Miss Catherine Bently gave a fishing party for her cousin, Miss Pauline Glenhugh of Kansas City, Sunday, on the 102 river. Those in the party were Misses Pauline Glenhugh, Bertha Allen, Marie Grober, Elsa Griffith and her guest, Irene Gross of Parnell; Mabel Bertell Fay Cartier, Mrs. Carl Alroy and Catherine Bently, Messrs. Floyd Grober, Ray Spargur, Cecil O'Connor, Alvin Egbert, Wesley Bartlett, Samuel Gearson, Fred Montgomery, Miran Clark and Carl Alroy. They took their dinner with them and ham-mocks and swings and everything that goes to make up a fishing party, and all had a good time.

Miss Saylor Entertained.

Miss Phyllis Saylor entertained a number of the Sigma Delta Chi sorority girls at a slumber party Tuesday night. There were no ghost walks or anything, as is usual with this particular kind of girls, because several of the guests had to be in good trim for their studies at the State Normal Wednesday morning, and they behaved with the most proper decorum. A picnic luncheon was served by the hostess after a pleasant evening with music. The guests were Miss Mary Orcutt, Miss Alice Orcutt, Miss Nellie Hudson, Miss Mary Ogden, Miss Inez Baldwin, Miss Stella Mason.

Lunched on Lee's Hill.

A picnic party had a delightful time Tuesday evening on Lee's Hill, northeast of town, where they went in automobiles and partook of supper. Those in the party were Mr. and Mrs. G. B. Roseberry and daughter, Esther; Mrs. Thana Hope and daughters, Miss Fannie Hope and Miss Myra Hope, and her little granddaughter, Charlotte Wheelchel of Independence, Kan., who is visiting her; Mr. and Mrs. Arch Frank and daughter, Eva Margaret; Mr. and Mrs. W. A. Miller and daughter, Harriet, and Miss Pauline Parr of Hamilton, Mo., who is a guest at the home of her aunt, Mrs. James Todd.

Entertained Monday Evening.

Mr. Will Donahue and sister, Miss Nona, entertained a number of friends Monday evening at their home, four miles south of Maryville. Those present were Misses Mildred Palmer, Helen Masters, Mamie Donahue, Ella O'Grady, Gertrude Archer, Carrie Myers, Rose Myers, Lucy Billee, Jennie Sturm, Anna Dougan, Margaret Donahue, Marie Seeley, Katherine Zeck, Lucy Sturm, Chloe Busby, Esther Busby, Lizzie Strough, Anna and Estella Donahue, Lizzie Wilms, Messrs. Montgomery Dinner Guests.

Mr. and Mrs. J. F. Montgomery entertained a company at 12 o'clock dinner Wednesday, including Mrs. Montgomery's sister, Mrs. James Mitchell, and daughter, Miss Lela Mitchell, of Colorado Springs, Col., and Mr. and Mrs. J. L. Denny of Los Angeles, Cal. Mrs. Mitchell and her daughter, who have been visiting relatives and friends in Maryville and Burlington Junction the past three weeks, left Wednesday evening for Farmington, Mo., to visit another daughter of Mrs. Mitchell, Mrs. Hattie Woodard.

Six o'Clock Dinner Guests.

Miss Eva Spickerman and Mr. Orel R. Geyer were 6 o'clock dinner guests at the home of Mr. and Mrs. Theodore Miller Tuesday evening with Miss Verdia Miller as hostess.

Mr. and Mrs. Bert Staples of Burlington Junction drove to Maryville in their car Wednesday morning to spend the day with Mr. and Mrs. Tom Workman.

TEACHERS CHOSEN

SCHOOL BOARD MET LAST NIGHT TO FILL VACANCIES.

MISS VARNER PRINCIPAL

Of High School to Succeed Prof. Stagner—Miss Nell Conrad and Miss Hazel Ritchie Also Selected.

The school board met last evening in the office of President W. A. Blagg of the board and selected three teachers to fill vacancies caused by resignations.

Miss Calla Varner was selected as principal of the high school to succeed Prof. B. A. Stagner, who resigned to accept a position as a science teacher in Berkeley, Cal. Miss Varner has been teacher of history in the high school for the last few years.

Miss Mayme Dooley was advanced to the A eighth grade, to take the place of Miss Eva Montgomery, who resigned to accept a position in the St. Joseph schools.

Miss Nell Conrad and Miss Hazel Ritchie were chosen, Miss Conrad probably to take Miss Dooley's place and Miss Ritchie to take Miss Seabee Rowley's place. Miss Rowley resigned, having accepted a position with the Webster Grove schools, near St. Louis.

NO MEETING OF THE COUNCIL LAST NIGHT

No meeting of the city council was held last evening, as several of the members did not receive notice of it.

The next regular meeting of the council is Friday night, and at this time the council will submit to the people the proposition to vote \$100,000 worth of bonds to install a new water plant here. The ordinance is being drawn up now by City Attorney W. A. Blagg and will be ready by Friday night.

The council has not as yet done anything in regard to relief of the water situation at the present time. It seems that what the people want at this time is at least temporary relief.

Mr. E. L. Street, it is understood, is in New York City at the present time, and it is thought that he might come to Maryville soon to make the city a proposition more reasonable.

Manager Roseberry of the water company has employed several men to fix up the dam at the river and dig ditches. The water supply is gaining a little, and there is over a half inch more water in the reservoir than there was yesterday.

Rains were had last night up north, and at Pickering about a half an inch of rain was reported. In Maryville it just sprinkled a little.

WHAT JORDAN SAYS ABOUT THE CORN

Sam Jordan, corn expert in the employ of the state, writes as follows of the condition of corn:

Some errors have appeared in the press from time to time relative to the corn situation. Some of them have been merely typographical and should not do mischief, but some have been relative to fact and these have, or may, do some harm.

The statement has appeared that "when corn tassels during a hot wind the corn is ruined." It is possible that the entire statement about this feature has taken too much space and the editor cut it short.

The facts are, as far as we know them, that when the tassel appears during a hot wind the pollen is likely to be killed or at least injured, and if all the tassels appeared at the same time or there were hot winds during the entire time of tasselling then the crop might be ruined, but the corn in a field will tassel through a period of from a week to ten days and none of the hot winds have lasted that long.

A stalk whose tassel has been killed may still produce a good ear, as it will be pollinated from other tassels. Corn breeders often remove the tassels from half or more of the stalks in the patch yet produce a fancy crop of well filled ears. There are myriads of pollen grains in each tassel, and during this time much pollen is blowing in the air, and a field may have many of its tassels killed yet produce a good crop, while the killed tassel would be useless.

Where corn was tasselling during those three consecutive days of hot

winds a well filled crop of ears can scarcely be looked for yet the crop may be by no means ruined.

These tassels that are dead are lighter in color and appear more chaffy than those not so affected.

Now as to moisture conservation. The mower wheel will not put moisture into the ground.

No method will conserve moisture where there is none to conserve.

In such a season as this, soil that is poor, or one that has been corned year after year and the humus content has been exhausted, or one that was not so handled as to catch and hold what little rain we did have last spring cannot have much moisture to conserve, and the results that we would like to see cannot be expected.

In 1901 there was much more rain than last spring, yet on the first of July that year the condition of corn showed 69 points, and at the same date this year the condition was 83.6 or an increase of 14.6 points in favor of this season, notwithstanding much more rain in 1901. It would seem that three things are responsible for the difference, and these are better seed, better preparation of the seed-bed, and better methods of cultivation.

Corn, up to the time of tasselling, will need but little moisture, but after that it will need much. It will thus be seen that if the corn was kept in good condition up to that time there is yet work to do. At least the normal rainfall is needed and the rain that does fall taken care of with shallow working tools.

At the end of the season it may be found that there is a "joker" in the estimate yield. No one is able to tell at the present time what the dry weather shock may have been to the corn. It is possible that it will have a tendency to cause barrenness, but as yet this cannot be determined.

HARRIS ONE OF WINNERS IN THE PONY CONTEST

The pony contest that has been conducted by the Tribune for the last few months came to a close Tuesday evening at 8 o'clock and the winners were announced. The Tribune gave away three ponies and carts, with harness, to the boy or girl bringing in the most subscribers to that paper, the county being divided in three districts.

For district No. 1, or Maryville, Joe Harris, the little son of Mr. and Mrs. Berney Harris, won first, with a vote of 340,915. Goff Crawford was second with 180,825.

For district No. 2, Mary Bailey, the daughter of H. C. Bailey of Quitman, secured first prize with a vote of 275,350. Dale Jones of Burlington Junction was second with 258,826.

For district No. 3, Vern Campbell, the daughter of Mr. and Mrs. Lowell Campbell of Barnard was first with 369,465, and Russell Woodward of Arkoe second, with 340,620.

Vern Campbell having secured the largest number of votes, had the pick of the ponies and chose "Prince." Joe Harris took "Diamond," and Mary Bailey took the third one.

The total number of votes cast was 3,542,395. The judges in the casting up of the votes were W. F. Phares, Harry Alderman and Arch Frank.

DR. GOODSON WILL GO ON TRIP WEST

Dr. J. N. Goodson of Kansas City, at one time a well known physician of this city, expects to leave the coming Sunday for a trip to the west for the benefit of his health. He will be accompanied by Mrs. Goodson and his daughter and her husband, Mr. and Mrs. A. L. Gale of Omaha. Dr. Goodson recently suffered an attack of sickness that came on him suddenly, that was similar to apoplexy, and his physical condition since has seemed quite alarming.

WILL ATTEND THE CHICAGO UNIVERSITY

Miss Fannie Hope, in charge of the manual training department of the Northwest Normal, will go to Chicago at the close of the present summer term and take special work in Chicago university for several weeks.

Miss Elta Wood of Bolekow spent Tuesday in Maryville with friends.

FOUNDED MAGAZINE

HOMER CROY LAUNCHES "THE MAGAZINE MAKER."

MEETING WITH SUCCESS

New Magazine is Published in New York City—Croy is a Good Writer.

Homer Croy, a son of Mr. and Mrs. A. J. Croy of near Maryville, has launched another magazine in New York City, the new venture being named "The Magazine Maker." Mr. Croy is having fine success with the enterprise.

Mr. Croy is well known in this city and is a graduate of the Maryville high school, and also the state university at Columbia. Since leaving the university in 1907 he has been engaged in newspaper and magazine work. He was on the St. Louis Post-Dispatch, and later went to Boston, where he and Frank Burch started "The Baseball Magazine." He was later in the employ of Hampton's, Broadway, The Delineator, Judge and other periodicals.

Mr. Croy writes in a recent number of the magazine on "How to Catch an Idea."

His many friends here wish him success in his new venture.

WOULD LIKE TO HAVE SATISFACTORY ANSWERS

Editor Democrat-Forum: Before voting for municipal ownership of our city water plant I would like to have satisfactory answers to the following questions:

First—If municipal ownership is to be preferred to private ownership, why is it that such a large per cent of the places that have municipal ownership are dissatisfied and want to return to the policy of private ownership?

Second—If we adopt municipal ownership, how much less will my actual expense be for each year than it now is or will be if we grant the present water company a franchise according to the rates that they ask? What will my rate plus my taxes for interest on bonds and taxes for maintenance fund and taxes for sinking fund, etc., amount to? Will it save me enough to run the risk of possible failure in bettering present conditions?

POLITICAL NOTES.

(By Democratic Publicity Bureau.)

Uncle Sam paid Republican lawyers nearly a million dollars in fees to assist in prosecuting the trusts during the past two years. The average fees paid to a good Republican politician who happened to be a lawyer runs from \$10,000 to nearly \$100,000. Uncle Sam has been a fat goose and the Republican lawyers have picked him to a fare-you-well. And not a single trust busted yet!

The Republican papers in Missouri are working overtime this hot weather fixing up the state and national ticket for the Democratic party. Especially are they worrying over the nominee for president and governor, fretting and frothing at the political bit for fear the Democrats won't commit political suicide. They are seeing torment and trouble in great gods for the Democrats, and are leaving no stone unturned to foment discord and strife in the ranks of their political opponents. They must think that the Missouri Democrats are thirty-third degree simpletons to be fooled by such political dope as these Republican papers are printing about prominent Democrats mentioned for president, governor and other state officers.

The new labor Red Book is out and Governor Hadley doesn't like it. When he looked it over it is said that he sent for the labor commissioner and scolded for an hour. The sins of the Red Book were sins of omission. The governor couldn't find any eulogy of himself. Nowhere was it set down that he had discovered the Ozark mountains and Current river. Now a labor book without the labors of Hadley exploited is necessarily a failure. It is even alleged that there is not a single chapter in the Red Book set aside to Hadley's log cabin brush farm. Absolutely nothing is said about cutting Hadley's 8-acre wheat patch, or putting out of his four acres of corn on his rocky ridge. And other notable stunts of the governor, exploited by the correspondents who play about his feet, were omitted from the book. O but it's a failure—take it away, away with it!

May Not Commission Him.

William Pias of Maryville, Mo., wishes to become a detective, and in a letter received by United States Marshal R. T. Smith of St. Joseph this morning, he asks for information as to how he may acquire authority to be a sleuth. He says that he has taken a course and received a diploma from a Kansas City detective school and inquires whether the certificate is sufficient authority upon which to make arrests. If not, he desires that an officer's badge be forwarded him.

"I'm afraid the government can't maintain a detective at Maryville," said Smith.

Mrs. M. A. Turner visited in Burlington Junction Sunday with her mother, Mrs. W. H. Miller, who lost her home by fire Saturday forenoon. Mrs. Miller is a nurse at the Burlington Junction mineral springs sanitarium. She came to the Junction from the sanitarium as soon as possible, but did not reach the place her home had been before it was a pile of ashes. The residence of W. W. Burk, situated about twenty-five feet from the Miller house, caught fire several times and it took hard work to save it. The body of Mr. Burk's wife, who had passed away the night before, was lying in the house ready for burial and had to be removed to another place. Mrs. Burk was Miss Hester Sunderland, daughter of Rev. W. D. Sunderland, who was the Methodist pastor at the Junction and other places in this section for many years.

Saloons Need Not Close.

Jefferson City, July 18.—In reply to an inquiry as to whether the election to be held on Tuesday, August 1, comes under the head of a general election and whether the saloons must be closed on that day, Attorney General Major today ruled that it is not a general election and that saloons cannot be closed up on that day.

The attorney general says that the capital bond election does not fall under the head of a county, city, town or municipal election and cannot be classed as a general state election, these being the days that the saloons must close under the law, therefore the saloons may conduct business as usual without reference to the election. The term general election, he says, refers to the election required to be held on the Tuesday succeeding the first Monday of November biennially.

Entertained Old Friends.

Mrs. Emma Cloud entertained Mrs. Harriet Colvin of Omaha at 12 o'clock dinner Tuesday in honor of her aged mother, Mrs. Elizabeth Wallace, who is spending the summer with her. Mrs. Colvin is visiting her son, Mr. Luke P. Colvin, and his wife at their home, 406 South Market street. Mrs. Colvin and Mrs. Wallace, who are now past their seventy-sixth birthday anniversaries, have been close friends since young womanhood, and with their husbands were pioneer settlers of Nodaway county, in the Clearmont community. Their visit together Tuesday was as enjoyable to those who listened to their conversation as it was to themselves.

Will Be Miss Pierce's Guest.

Miss Geraldine Coffee of Steelville, Mo., will arrive in the city Thursday morning to visit Miss Dorothy Pierce, daughter of Mr. and Mrs. W. C. Pierce. Miss Coffee was Miss Pierce's guest last summer for a month, and she made many friends among the young society folks.

Came to See Doctor.

T. B. Houston and little son, John Linton, and Mr. Houston's mother-in-law, Mrs. J. B. McBeth of Hopkins, were in Maryville Wednesday to see a doctor about the little boy's throat, which is troubling him.

Mr. and Mrs. J. E. Newcomb and sons, Donald and Marion, and Mrs. Newcomb's mother, Mrs. Amelia Smith of Stanberry, were in Maryville Wednesday morning on their way to Savannah to visit friends and relatives.

Dinner Guests from Des Moines.

Mr. and Mrs. Carl Murray entertained at dinner Wednesday Rev. E. R. McCorkle and his son, Master Elmer McCorkle, of Des Moines, Ia. Rev. McCorkle was the officiating minister at Mr. and Mrs. Murray's wedding. The visitors went to Creston on the noon train.

Mrs. J. H. DeHaven of Conway, Ia., was in the city Wednesday, returning home from a several weeks' stay at the Burlington Junction mineral springs.

Mrs. M. E. Kinneman and children, Ethel and Charles, who have been visiting Mrs. Kinneman's parents, County Treasurer and Mrs. S. H. Williams, returned to their home in Atchison, Kan., Wednesday morning.

Mrs. C. E. Anderson and little daughter, Grethyl, of Blanchard, Ia., were in Maryville Wednesday, going to Bedford to visit her sister, Mrs. Marion Moore, who is very ill.

HULK OF MAINE CLEAR OF WATER

Wreck Now Surrounded by Islets
of Mud and Small Pools.

EXPLOSION APPEARS EXTERIOR

Wreckage Shown to Belong to Structure at Vessel's Double Bottom—Engineers Admit Identification of Ribs, Plates and Other Portions.

Havana, July 19.—The process of removing the water surrounding the wreck of the Maine was practically completed when the water level in the cofferdam had been lowered eighteen feet, leaving the wreck surrounded by islets of mud, small pools and sink holes of green, slimy water. The soundings show nowhere a depth in excess of four feet.

The water remaining can be removed in a few hours, but it is now apparent that the engineers are confronted by an infinitely more serious problem, the removal of the mud in which the remains of the battleship are embedded from a minimum of thirty-seven feet to a depth that can only be conjectured.

Although the water is now only two feet lower than in previous pumping operations, the revelations with regard to the shattered hulk have been vastly enlarged, owing to the lateral outspreading of the distorted frames and plating, especially in the forward section, where the explosion was greatest.

The structure of the bow as far aft as frame 18 is now exposed, permitting an analysis of the position of the plates, bottom, ribs, etc., and it has been shown conclusively that they originally belonged to the structure of the double bottom, which is now elevated to a height of about forty feet above the normal position, apparently giving confirmatory evidence of a tremendous exterior explosion.

To this view, however, the engineers decline to commit themselves, merely admitting the identification of parts of the bottom of the ship.

In the confused mass of wreckage of the bow is to be seen a curved piece of steel, believed to be what Ensign Powellson identified before the Sampson court of inquiry as part of the flat keel of the Maine.

WHAT EVANS SAYS ABOUT THE ENUMERATION

State Superintendent of Schools Wm. P. Evans has prepared a list of the larger towns and cities of the state showing the population, according to the census of 1910, and the enumeration of 1910 and 1911.

Mr. Evans says: "It will be observed that on the average the enumeration in 1910 was 29.5 per cent of the population, and in 1911, 29.1 per cent.

"The decrease is due to the fact that attention had been called to gross irregularities in enumerations. You will readily see that some places still have too large an enumeration. These towns have been asked to explain or to correct, and they will no doubt do so.

"This is called to the attention of the public, because after this year the state superintendent will have no authority over enumerations, as the state fund will be apportioned on another basis. The county and township funds will continue to be apportioned on the basis of enumeration, however, and it will be well for local officials and high-minded citizens generally to see that correct enumerations are made, thereby insuring equitable distribution of local funds to the districts of the county."

For Maryville the 1910 population is 4,762, and the enumeration 1,239, or 26 per cent of the population. For 1911 the enumeration was 1,223, or 25.6 per cent of the population of Maryville.

Mrs. W. A. Blagg and niece, Miss Leona Parrott of Essex, Ia., who is visiting her, went to Skidmore Wednesday to visit Mrs. Blagg's sister, Mrs. A. F. Howden.

GUARDED BY LODGE PINS.

While men who are members of secret societies do not always wear the emblems of these orders, it is no uncommon thing at the union depot to see young women and children who are Masons, Elks or Odd Fellows. Not that they are really affiliated with these orders, but that the various emblematic pins have been put on them to assure safety in traveling. A few days ago a young girl, upon whose breast was pinned a square and compass, lost her railroad ticket. She was journeying alone from California to a distant eastern point. A man who recognized the fact that some member of her family was a Mason, learned of her misfortune. There was not much ceremony, but in less than five minutes a new ticket had been bought

and paid for and the girl placed safely aboard the train on which she was to continue her journey. Yesterday a small boy, who also was a Mason, had no difficulty in finding friends at the depot. He wore a pin which was his father's, and although the latter was many miles away, there was parental care ever present.—Kansas City Journal.

Mrs. A. J. Bridges and Mr. T. L. Wadley went to Burlington Junction Tuesday evening to visit several days with friends. Mrs. Bridges will visit the families of T. A. and R. T. Coker and Mrs. Wadley will visit her sister, Mrs. Herrington, and uncle, W. G. Saylor.

F. A. Humphrey of Omaha is visiting in the city.

REPRIMAND FOR WILEY IS LIKELY

President Will Probably Reject
Recommendation for Dismissal.

WICKERSHAM NOT SLIGHTED.

Executive Says Recommendation Was
Made on Strictly Legal Basis—Will
Review Evidence Before Reaching
Decision in Case.

Washington, July 19.—Dr. Harvey
W. Wiley, chief of the bureau of chem-
istry, probably will not be requested
by President Taft to resign, but will
be reprimanded, according to the con-
sensus of opinion of visitors who
talked with Mr. Taft. The recom-
mendation of Attorney General Wick-
ersham that Dr. Wiley be permitted
to resign was barely touched upon at
the cabinet meeting, but the above im-
pression was strengthened in the
minds of callers at the White House.

Intimations that Attorney General
Wickersham, in his recommendation,
exceeded his authority were set at
rest by the president. In conversation
with callers the president said he had
requested the attorney general to pass
upon the legal question involved in the
Wiley case and that the attorney gen-
eral, proceeding on this theory, an-
swered him in strictly legal fashion.

The president's explanation of how
Mr. Wickersham became involved in
the case led some of his hearers to the
conclusion that the attorney general
will have no reason to feel injured if
his recommendation is not followed by
Mr. Taft when he reviews the case.

Before he reaches a decision the
president expects to read the evidence
in the affair, Dr. Wiley's answer and
all the other papers that have been
written bearing upon it.

CENTER OF POPULATION

Now Located South of Unionville, Ind.
Movement West Increases.

Washington, July 19.—The center of
the population of the United States, as
enumerated in the census of 1910, is
four and one-half miles south of Union-
ville, Monroe county, Indiana. In the
last decade it moved westward thirty-
one miles from a point six miles south-
east of Columbus, Ind.

The announcement was made by the
census bureau on the basis of the offi-
cial computation of the center of the
population made by Charles S. Sloane,
the geographer of the bureau.

The figures of the geographer show
not only that the march of population
is still westward, but that there has
been acceleration of that movement
over the record of the decade between
1890 and 1900. The center of popula-
tion during the decade moved west-
ward only fourteen miles. The cause
of the acceleration of the westward
trend in the last decade is the remark-
able increase of population in the Pa-
cific and southwestern states.

PLANS MILITIA IN SCHOOLS

Oliver Asks Governors of All States to
Follow Example Set by California.

Washington, July 19.—Assistant Sec-
retary of War Oliver is endeavoring to
enlist the aid of the governors of the
states in developing the military train-
ing of the pupils of the high schools.

He dispatched a letter to the gov-
ernors inviting their attention to the
enactment by the California legisla-
ture of a law providing for the organi-
zation of companies and battalions of
high school boys, who are to be armed
with rifles and trained by competent
instructors detailed from the regular
army.

In his letter General Oliver makes a
strong plea for such state legislation.

REVOLUTION ON IN HAITI

Government Troops Are Defeated at
Trou and Other Points.

Port au Prince, Haiti, July 19.—The
revolution progresses. The govern-
ment troops were routed at Trou and
have returned in disorder at Cape Ha-
tien. The situation is calm here, but
if the government fails it is feared
that there will be disorders on the
part of the populace, as all the dis-
ciplined troops are in the north.

The foreign residents are apprehen-
sive, but the expected arrival of Amer-
ican warships will have a reassuring
effect. General Prudent, government
delegate at Gonaves, will support the
revolution.

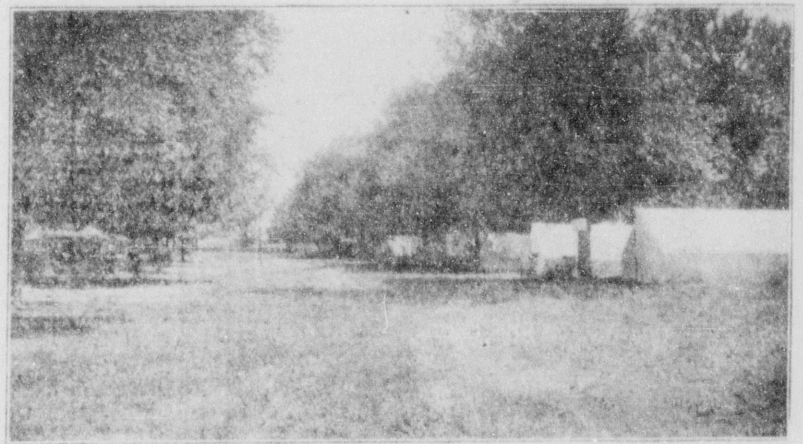

Another Gunboat to Haitian Waters.

Washington, July 19.—At the re-
quest of American Minister Furness at
Port au Prince, the United States will
send another gunboat to Haitian wa-
ters to protect Americans and their in-
terests, now seriously threatened by
the revolution against President Si-
mon. The second warship will go to
Port au Prince, the capital. The gun-
boat Petrel is already at Port Libre
on the north coast.

Finde \$300,000 in Forgeries.

Muskegon, Mich., July 19.—The first
statement of Paul S. Mason, president
for the American Electric Pulp com-
pany was filed with Referee in Bank-
ruptcy Wicks of Grand Rapids. The
statement declares that Mason already
has found over \$300,000 of forged and
bogus paper, most of which, it is said,
was issued by Frank G. Jones, former
head of the company.

LOST HER HAIR.

Woman Almost Baldheaded Grew Four Inches of Hair.

Here is a piece of live news from Browntown, Minn., that ought to interest skeptical men or women readers of The Democrat-Forum who are losing their hair or have dandruff or itching scalp.

Remember that the Koch Pharmacy sells Parisian Sage under a positive guarantee to stop falling hair and itching scalp and eradicate dandruff in two weeks.

Parisian Sage is a most refreshing and daintily perfumed hair dressing, free from grease or stickiness. It makes dull, lifeless hair radiant and lustrous.

"Parisian Sage is the best hair grower and beautifier and dandruff cure. I lost all my hair through typhoid fever; I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every lady who wants beautiful hair to use Parisian Sage." Miss Meta M. Kruger, Browntown, Minn., June 8, 1910.

Parisian Sage is only 50 cents a large bottle at the Koch Pharmacy and druggists everywhere. The girl with the Auburn hair is on every package.

Mrs. F. J. Yeomans went to St. Joseph Wednesday morning to spend the day.

FOREIGN CROP CONDITIONS GOOD

Reports to Department of Agriculture Generally Favorable.

FINE PROSPECTS FOR CANADA

Rain and Increased Acreage Make for Big Wheat Yield—In Europe, France Alone Will Have Less Satisfactory Outturn.

Washington, July 19.—Special reports of foreign crops received by the department of agriculture indicate that generally favorable conditions existed in June.

Conditions in Canada are, over most of the territory, pronounced flattering. Of the 10,500,000 acres under wheat this season, more than 9,500,000 are in the spring wheat provinces of Saskatchewan, Manitoba and Alberta, the increase in area amounting to 1,200,000 acres. The spring wheat lands have been saturated by opportune rains, and, with some exceptions, favored by forcing temperatures.

In Europe winter wheat and rye on the whole have fully maintained their former promise. The wheat crop of the United Kingdom, in an increased area, is regarded likely to furnish an average yield. France, with diminished areas under both wheat and rye, promises a medium outturn of the former and a less satisfactory one of the latter.

Spain is reported to have exceptional crops, a recent official estimate putting wheat at 157,000,000 bushels, a new high record. The small wheat crop of Germany is probably not quite up to the usual standard, and rye is expected to show a considerable shortage. The Hungarian wheat crop is officially estimated at 163,000,000 bushels, and rye at 50,000,000 bushels. In Roumania and the Balkan states the prospects are much better than in average years. In Russia there is much conflict of expression, the weight of opinion seems to favor a moderate estimate. In Italy better yields than last year are anticipated, but heavy rains may later show their effects on quality.

In Argentina the newly sown wheat, oats and flaxseed are said, under the influence of plentiful moisture, to have germinated well. Areas are believed heavily increased. Popular opinion puts the surface under wheat 5 to 10 per cent over the 15,500,000 acres sown last year. The 1910 wheat crop of Chile is reported insufficient for home needs and imports are being made from Australia.

Doomed Man Dies in Cell.

Beaver, Pa., July 19.—Charles Hickman, who was to have been hanged for the murder of his wife, Millie, Feb. 9, 1910, collapsed in his cell in the county jail during the night and died. Hickman escaped from jail twice after his conviction and attempted to take his life by inhaling gas. He repeatedly told the guards he would never live to be hanged.

Cross Atlantic in 25-Foot Yawl.

Gibraltar, July 19.—The American auxiliary yawl, Seabird, which arrived from the Azores, sailed for Italy. Captain Thomas P. Day of New York and his companions, T. R. Goodwin and F. B. Thurber of Providence, R. I., report a pleasant trip across the Atlantic. In their twenty-five-foot craft they left Providence on June 10.

Gates Is Still Improving.

Paris, July 19.—The attack of nephritis, which made John W. Gates seriously ill, continues to moderate. The secondary difficulty, that of irregularity and weakness of the heart, gives the physicians concern and necessitates the use of stimulants. These stimulants, however, act well.

LORIMER INQUIRY MORE BEFOGGED

Testimony Adds Other Contradictions to Situation.

Washington, July 19.—More contradictions in testimony before the senate Lorimer committee befogged the Lorimer investigation far worse than at any time since the new inquiry began. All four persons flatly contradicted testimony previously given.

Charles McGowan, a young Canadian contractor, declared that C. F. Wiehe, secretary of the Edward Hines Lumber company, did not remark on the "Winnipeg flyer" on the way from Duluth to Winnipeg, Minn., in March, 1911, that there was a jackpot raised to elect Lorimer, and that he subscribed \$10,000 to it. William H. Burgess testified that Wiehe did make this remark in the presence of himself and "a young Canadian."

B. A. Johnson of Chicago testified positively that Wiehe made no such statement.

Isaac Baker, a buyer for the Edward Hines Lumber company, unqualifiedly denied that Edward Hines, president of this company, said over long distance telephone to Springfield, from W. H. Cook's room in a Chicago hotel on May 26, 1909, that he would come to Springfield with all the money necessary for Lorimer's election.

Cook testified that Hines did so state. Baker's testimony regarding the conversation agreed almost verbatim with that given by Hines.

Donald M. Frame, cigar employee in the Union League club, testified that Hines once remarked to H. H. Hettler that he (Hines) had elected Lorimer, thus corroborating Hettler's testimony and contradicting Hines.

HEYBURN RENEWS ATTACK

Confederate Monument Measure Goes Through Despite His Protest.

Washington, July 19.—The bitterness between Senator Heyburn (Ida.) and Senator Williams (Miss.), on the subject of the Confederacy, broke out anew in the senate. Senator Heyburn objected to taking up of a bill appropriating \$100,000 for a Confederate naval monument in the Vicksburg national park, but Senator Williams won its consideration by a vote of 29 to 19.

The Vicksburg park commission and the senate committee on military affairs having approved the measure, Williams said it was desired to have the monument complete for the semi-centennial "Blue and Gray" reunion at Vicksburg in 1913. Senators Cummins and Works urged its passage as proper recognition of men who had exhibited great bravery in a cause they believed right.

Senator Heyburn again attacked the principle of federal recognition of Confederate acts. Senator Williams abruptly left the chamber when Senator Heyburn began to speak.

Heyburn declared it was "intolerable" that the deeds of Confederate armies should be recited on monuments that call on the public treasury for contributions. He characterized the history of the war between the states as a "history of murder." He attacked the newspapers of the country, declaring many of them disloyal and "delighted to express their disloyalty."

He had been characterized as "waving the bloody flag in the senate," he said, and had been so misrepresented that he was receiving scores of anonymous letters from "cowards," threatening him with physical violence because of his opposition to the use of government funds to recognize Confederate service.

Caught by Engine; Burned to Death.

Oskaloosa, Ia., July 19.—Karl Kisor, aged thirty-one, was burned to death when a traction engine backed against a separator on which he was working. His body was pinned to the front of the furnace.

SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped.

There is one place where baldheaded men shine, and that is in the front row seats of the theatre. If these baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, falling hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.
